An advertisement appearing on Telegram scam recruitment channels sheds light on what it takes to be an “AI Model” working for a scam compound.

Most Pig Butchering scam centers now employ good looking younger people to do video calls and video messages to personalize the scam. In most cases they use face swapping AI to manipulate the video to make it appear that they are the model in the pictures.

The going rate appears to be \$6,000 a month - \$72,000 a year – working in Cambodia.
