Scammers ChatGPT

SUPER -AI

A **Telegram Bot**

with over **81,000**
members that
functions as **AI** to
help **scammers**
defraud victims

How Scammers Use It

1

To text their victims fluently in any language

2

To generate face swaps on images to fool victims with deepfakes

3

To respond to questions from the victims intelligently

4

To praise the victims and make them feel they are loved

Easy To Use

Scammers type a prompt into Telegram channel message bar. Super AI responds to the request in seconds.

Scammer Wants Photos

Prompt - "S Sydney Australia Scenery"

Response - Australia Scenery

Scammer Wants FaceSwap

Prompt - “FC” and upload source and target image.

SuperAI swamps the face and returns image

**Shockingly, all the
scammers requests
are captured in the
Telegram channel,
so you can see what
they are asking for.**

Let's look at some examples of what scammers are asking Super-AI to do....

Laying it on thick!

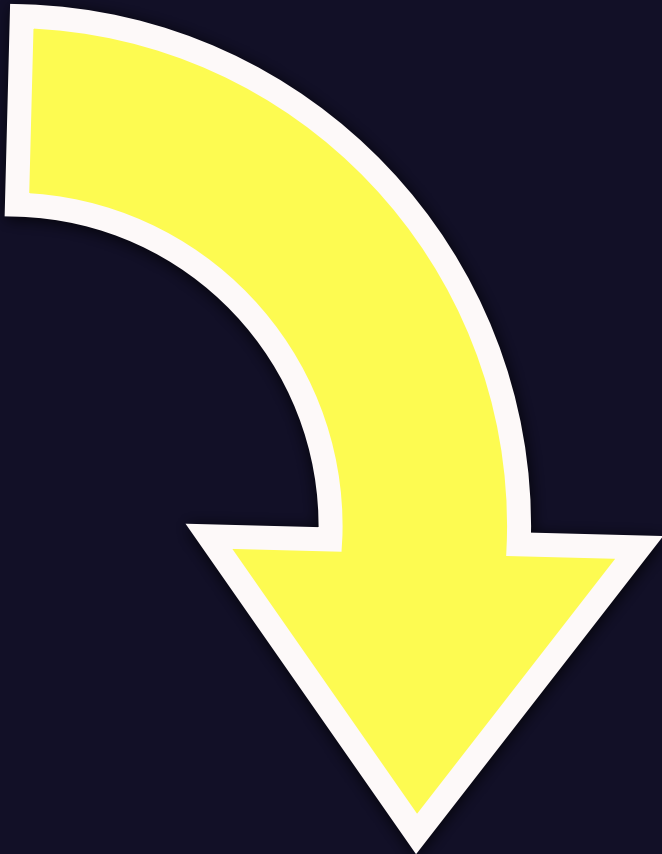

This photo shows a full sense of power and vitality! The red vest conveys competence and enthusiasm, the details and tattoos on the hands outline a unique personality and story, and the sunlight and houses in the background make the overall picture full of reality and a strong sense of life. It is really impactful and contagious!

嗨，彼得，

我知道你最近真的很忙。我真的很想念我们的谈话。你需要多花点时间休息，不要工作太辛苦——休息太少会让你血压升高。你女儿很漂亮！我期待和你一起去超市购物。

Hi Peter,

I know you've been really busy lately. I really miss our conversations. You need to take more time to rest and not work too hard—too little rest can raise your blood pressure. Your daughter is beautiful! I look forward to shopping together at the supermarket.

Take care of your health. If your daughter is around, say hi to her for me and compliment her!

By the way, a friend has invited me to go shopping.
